

Sealed In The Blood

Written By PaulQ of Xristozo

BPM 71 Key B

G#m///E///B///F#///

[Verse]

When the night falls heavy on my soul
And the weight of this world won't let me go
Every step feels lost in the dark
And fear tries to silence my heart

[Verse]

But I remember a rugged cross
Where mercy spoke through pain and loss
And every tear that I cry alone
He has already known

[Pre-Chorus]

When I'm weak then I am strong
I hear him say, keep holding on

[Chorus]

Oh My Father loves me so
His promise sealed with His blood
I will never let Him go
He holds me close by His side
Through raging storm or sweeping tide
I will give Him all my life

G#m///E///B///F#///

[Verse]

There are days, I can't see my way
And doubts come against my faith
But then I see those nail-scarred hands
And I remember who I am

[Verse]

Not forsaken, not alone
He has claimed me as His own
Through the fire, through the pain
His love will still remain

[Pre-Chorus]

When the battle feels too strong to fight
His sacrifice becomes my light

[Chorus]

Oh My Father loves me so
His promise sealed with His blood
I will never let Him go
He holds me close by His side
Through raging storm or sweeping tide
I will give Him all my life
